5. Culture Night

Culture Night

It is a good opportunity to showcase the tradition and culture of your country in Culture Night. Every country can choose to have a stage performance or a country booth.

Stage Performance

The stage performance can be music or dance that can showcase the culture of the country.

Country Booth

The delegation can decorate their booth with traditional items and pictures of their own countries. We invite you to bring souvenir such as pins, candies, coins, handicrafts, and small flags and arrange creative activities to engage visitors. We will provide a table and chairs for the booth. (limited booths available, TISF reserve the final decision)

The survey form will be sent in January so that we can arrange the number of performance and country booths. (limited places available, TISF will make the final decision)

6. Culture Tour and Ice Breaker Event

There are few options for the tours and the ice breaker event. The survey form will be sent in January.
