The TISF is a science research competition for high school students from grades nine through twelve. With the mission of identifying and nurturing talented young scientists, TISF 2024 brings together 630 domestic and overseas participants and 211 projects from 27 nations/regions to compete for awards. The National Taiwan Science Education Center (NTSEC) is very proud to organize such a prestigious event. Held from January 28 to February 2, 2024, participating students are divided into domestic and international groups.
